Division Shepherdess Coordinators

Dear Division Leaders of Prayer/Revival and Reformation Ministries, and Ministerial,

I hope things are going well for you as you seek to help all you lead to deepen their spiritual walk with our Lord as we await His return.

Richard Constantinescu is an ordained minister of the Seventh-day Adventist Church and a valued member of our General Conference Revival and Reformation Committee. Recently, *Pioneer Prayer Groups* and *Testimonies for the Church Revival Plan* were introduced to our committee by Pastor Constantinescu and they were both received very positively. In fact, Elder Ted Wilson passed out the *Testimonies for the Church Revival Plan* at Spring Meetings this year and gave strong urging that we share it as a resource with the people we lead.

While they are not officially voted initiatives of the General Conference, they are being very helpful to many around the world and we believe a very positive option for those of you looking for more ways to motivate and involve your people in spiritual growth and TMI. We have placed them on our RevivalandReformation.org website as resources approved by our R and R Committee. Therefore we are happy for him to offer them to you as an additional option and hope many of you may get involved in them.

Please do share any resources you may have found helpful in your fields with us, and we will try and share them with others as appropriate. Praying for our Lord's richest blessings as you help lead your people to fully embrace our greatest need, a revival of true godliness among us all (*ISM*, page 121).

Your Brother in Jesus,

Jerry Page
Ministerial Association Secretary
